

Rolls Royce Aerospace, UK

Project Fast Fact

Location

London, UK

Complete year

2011

Owner

F H Royce

Feature products.

ASSA ABLOY
Entrance Systems

Challenge

Automatic entrances were needed for both internal and external openings, with major considerations for energy- and cost-efficiency, as well as meeting rigorous design demands.

Solution

ASSA ABLOY Entrance Systems handled all aspects of design, specification, manufacture and installation of the overhead-sectional doors, high-performance doors and automatic doors. Rolls Royce is also equipped with smart cards from Group company HID Global.
